Cut to Size and Simply Assemble

QUICK GRIP FRAMING SYSTEM
ALUMINUM & PVC FRAME PROFILES • LENGTHS: 8 FT.

An affordable way to make "Flip Open" frames in a variety of sizes and colors.

2 ASSEMBLY METHODS TO CHOOSE FROM!

Rounded Corner saves time!

Easy to install when frame assembled with corners!

Mitred Corner saves money!

When profile mitred, then no need to spend extra money on corners!

PRODUCT FEATURES:

★ Easy to use! Simply position your hinge to the backboard of your choice & staple down. Then, slide your corner into the end of your cut frame profile & slide that onto your hinges. If profiles are mitred, then slide on the hinge.

2 PROFILES TO CHOOSE FROM!

Rounded Profile — 1-3/8"

Flat Profile — 1-1/8"
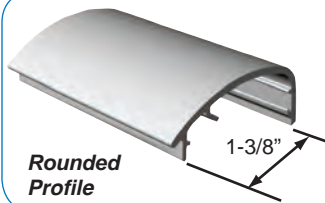

"STOCK COLORS"

★UV stabilized PVC or clear anodized aluminum frame profiles. Other colors available on a per order basis: Blue, green or yellow. Can color match any color. Minimums apply, please inquire.

"ROUNDED CORNERS"

• Available in UV stabilized plastic and chrome plated PVC.
• Slides directly into frame extrusion.
• No tools or cutting required.
• *Chrome works with Aluminum only*.

SHOWN IN CHROME

"THE HINGE"

★Unique & patented "Hinge" aids in the ease of use, because it does not require connecting corners & spring clips like typical front loading frames.

• Available in black polypropylene only.
• Must use two hinges for each side.
• It is recommended to use one hinge every 2 ft.

THE "SNAP-EASE" ALUMINUM BANNER HANGING SYSTEM

CLEAR ANODIZED ALUMINUM
• 24", 36", 48" & 96" LENGTHS

Add style and value with our quality finish Aluminum Banner Hanging System

close-up

PRODUCT FEATURES:

• Clear anodized aluminum finish with 2 black plastic end caps for a "*finished*" look

• The spring clips inside the rail will "snap" close to securely hold your banner in place

• Ideal for paper, fabric and vinyl banners up to .08" thick

• Recommend to be used at the bottom of your banner for added stability

• Includes removable hanging clips. The banner hanging system can be attached to the wall or hung from the ceiling using our ceiling hooks shown on **page 156**
